LIBRARY NEWS & INFORMATION

»» CONSTRUCTION UPDATES

Our construction is continuing on! There's still quite a delay in getting our glass onsite but the show must go on. You may notice some of the window spaces are filled with boards instead of glass. Our construction crew is doing a great job closing up the front despite the lack of glass so interior work can begin. We'll have beautiful new entryways before long. We can't wait!

We would like to say thank you to all of our patrons for their continued support despite the challenges (and noise) brought about by construction. Our ultimate goal is to make our 100+ year old building watertight so we can continue to serve our patrons for many more years to come.

Remember, we're still open! You can park at the back of the building and come on in.

Check out books, audiobook cds, DVDs, or get help setting up your Cloud Library to access digital audiobooks and ebooks on your own device. Our public computers, printers, copy machine, and Wi-Fi services are also available.
